## Our Story

In 1964, brothers-in-law Jerry Lodge and Jerry Stamis traveled to Las Vegas to open a small locals casino housing a keno lounge, table games, a handful of slot machines, a bar, and a restaurant. The aptly named Jerry's Nugget Casino was located on Las Vegas Boulevard North, almost directly across the street from its current location.

Over the decades the business has thrived and grown to become the lively and friendly full service casino that thousands of locals like to call their "home away from home." Jerry and Jerry both had a talent for growing their gaming entertainment business as well as a deep love and endless passion for creating tasty and value-oriented food.

Today, the third generation of family members operates Jerry's Nugget Casino and has maintained the tradition of providing extraordinary value and over-the-top customer service.

Jerry's Famous Coffee Shop continues to uphold the original ideals of Jerry and Jerry, and carries on the family tradition of always serving homemade goodness with a smile.

We proudly serve an eclectic menu of American favorites, Mediterranean delights, and authentic dishes from South of the Border. Please enjoy your dining experience with us, and Oh! Don't forget to save room for dessert!
